Young Tige McMasters has an itch that only his coach's well-used jockstrap can cure! The horny kid can't get enough of the sight, smell, feel and taste of that jock. But, just when he's really getting into it, Coach Mitch Taylor walks in and catches him at it! The coach first gives the cheeky kid a well-deserved spanking, and then, with a little help from big, big Georgio Canali, turns that randy little stud every which way but loose!
